CLEBURNE — Smith Middle School and neighboring Gerard Elementary in Cleburne were placed on lockdown Wednesday morning after students at Smith reported seeing a fellow student with a gun.

Police were called to sweep the campus, but no weapons were reported to have been found after two searches.

Other campuses in the Cleburne school district were briefly placed on lockdown as a precaution Wednesday morning.

The lockdowns at Smith and Gerard remained in place during the lunch hour, as students were supervised to the cafeteria and back.

Cleburne ISD officials said they hoped to end the lockdown by early Wednesday afternoon.

Cleburne is about 30 miles south of Fort Worth in Johnson County.
