

Daryl
Cunningham

Candidate for Region 6

I have been employed with the Andrews Police Department since July of 2008. In that time I have served various roles, ranging from patrol and investigations to accident reconstruction. For the last seven years, I have served as one of the departments School Resource Officers, also serving a role in crisis communications and as a departmental instructor/training coordinator. In January 2017, I assumed a supervisory role over the SRO unit while still serving as the main SRO for Andrews High School, which has remained my current assignment. My educational experiences include an associate degree in criminal justice and a bachelor degree in leadership & management / entrepreneurship.
